Yu Wei Performance April 24, 2010

YU WEI WAS JUST AWESOME!!!! VERY INFORMATIVE ABOUT EACH DANCE AND THE INFO ON HER LIFE . IT WAS TRULEY A VERY REMARKABLE EVENING. YU WEI'S 'VISIT' AFTER THE SHOW WAS MOST ENJOYABLE :)

i BROUGHT MY MOM FROM THE NURSING HOME AND SHE JUST LOVED IT!!

The performance was wonderful! Thanks for making the decision to bring Yu Wei to town.

i throughly enjoyed the performance. yu was a delightful performer and the film on china was very informative. it was a delightful evening.

This was an outstanding program. It seemed to have been marketed well. The reception following was a great idea. They do this with the Penn Alps series and I always enjoy talking with the professionals. I also enjoyed the question and answer period.

Miss Wei was a sight to behold. She truly brought Chinese culture alive. Perhaps she'll be gracious enough to grace us with her presence again in the near future.

We liked the uniqueness of the program

We liked the question/answer period

We liked the meet and greet period

We like the more intimate setting of the theatre

We have season tickets, so the factors listed above are really not that important. We buy the season tickets to enjoy the selections made by GLAF, and if it is something we are not interested in, we give the tickets to others.

We enjoy the whole series-seeing new artistic events

The performance was amazing and Yu Wei was delightful. Her interaction with the audience was fresh and fun. I watched a cross section of attendees and all ages participated. The program was informative and beautiful.

Thanks, GLAF

I enjoyed the performance and the follow-on Q and A session. yu wei was delightful and very responsive to the audience.

This was a wonderful performance that I thoroughly enjoyed, and everyone surrounding me seemed to be equally pleased. Having this exquisite performer in a venue that made every seat a good seat, and so close to home was remarkable. The price was surprizingly affordable-thank you!

The collection of Chinese articles was an excellent addition- oh- and the Q & A time with Yu Wei was wonderful.

loved it...so unique and entertaining...nicely done

It was part of the season package. If it had not been part of the package, we probably would not have attended this type of performance.

I thought the performance was excellent. She is a very talented women. With her she brought glimpse of a different culture into our county of which most of us would not have the oppportunity to experience. I especially thought that she was very gracious at the end to take the time to demonstrate the performance she does with children. Thank you for the performance.

The performance was outstanding and we were glad to see an almost sell out. Wonderful for so many Chinese children there and the Girl Scouts to.

It was great.....

We have season tickets so we would have gone if we were home. This performance was wonderful; Yu Wei was beautiful; her video was so interesting, and dancing was fascinating to watch. And for me it made me happy to see all those people of other races in the audience.

This was a most unusual cultural experience. The film was very informative and the music and dance were gorgeous.

Beautiful performance. Many children in the audience--that was wonderful. Nice job on the lighting--kudos to Ben (and Matt). Reception and fortune cookie fundraiser also a nice touch.

We are season ticket holders, if not, I may not have attended. Very glad we did attend - amazing show!

Performances that bring international cultures to this area are very important. Promotion of international understanding promotes peace.

I was quite surprised that children under two are allowed to attend and then remain in the auditorium and be disruptive to those trying to enjoy a night out. What was the mother thinking??

location-----The theater holds more comfort over the hard chairs at WISP. It also gives a more serious atmosphere.

Too bad a better venue for her performance doesn't exist in Garrett County!

Her performance was beautiful, entertaining and educational all at once - What more could you ask for!!

AMAZING...SPELLBINDING...FILM AND DANCE WERE WONDERFUL!

We would like to thank the broad members of Garret Lakes Arts Festival for bringing in world class intertainment to be enjoyed by the citizens of Garrett County and the surrounding areas.

Very different entertainment. Enjoyable, innovative, wonderful personality of Yu Wei. GLAF made an excellent choice with this entertainer.

Very enjoyable. However, I wish she would had held the Q and A session in another location so that those of us who wished to leave could do so without embarrassment.

My husband and I enjoyed the performance much more than we expected we would. The presentation was educational and her dancing graceful. I loved the Q&A after the performance. She became a personality of interest through her interaction and not just an entertainer.

One of the most impressive and captivating performances GLAF has offered.

It was terrific!

We loved the combination of film cultural background with dance. It was really well done and most enjoyable.

I did not attend, but my 8-year-old daughter saw a performance on Friday as a school fieldtrip. She absolutely loved it. Thank you for having such opportunities as this for the children in the area to experience.

Had I not been out of town, I would have attended this performance.

I enjoyed the performance very much.

We thought it was a spectacular form of culteral information as well as being able to experience her fluid motion. Thanks for booking it. WOW!!

Thank you for bringing such high quality talent to our backyard!

My husband and I enjoyed the performance very much. I was impressed to hear that she had performed for the school children.

attended one school performance. Watched the front door during the evening performance

See above.

Enjoyed it very much.

No interest in performance.

It would be nice if you had a way to check for sold out shows. We called the office and got the answering machine. Would it be possible for someone to change that message the weekend of a show to post current show status?

Enjoyed the cultural learning experience.

It was lovely, : entertaining and somewhat educational.

Really enjoyed the show.
